Your Journey to The Manor Amsterdam

A smooth arrival awaits during ongoing road maintenance.

The Municipality of Amsterdam is currently conducting road maintenance around our hotel. While these works may alter usual routes, worry not, we've prepared clear directions for every way you might arrive.

Public Transport

For a seamless trip from Amsterdam Central Station, we recommend taking the train to Muiderpoort Station. From there, it's just a five-minute walk to the hotel. For the latest tram options, alternative train routes, or to purchase tickets, visit 9292.nl.

Taxi

Taxis may drop you at a designated drop-off point by the hotel.

The recommended route is via the A10 ring road, take exit 14 from the highway and enter Domselaarstraat into the navigation. This ensures a smooth arrival despite nearby road maintenance.

Personal vehicle

You can drive directly to our hotel parking via A10 ring road and take exit 14 towards Domselaerstraat. Take a turn to Woltera van Reestraat (accessible to cars during roadworks), and then Oetewalerstraat towards Linnaeusstraat, the parking lot will be available on the right. Parking in front of the hotel is only available with a reservation and costs €50 per night; EV chargers are available.

If you have not reserved a parking space, we recommend Q-Park Oostpoort, just a four-minute walk from the hotel. This convenient location allows you to park safely while still arriving quickly at our doorstep. [Reserve your spot here.](#)

Touring Coach

Touring coaches may drop guests off on Domselaerstraat, right alongside the hotel entrance. This dedicated drop-off point ensures your arrival is easy and comfortable, even with ongoing roadworks nearby.

Tip: Check the latest updates before your journey to ensure a calm, stress-free arrival.
